

A 10x10 grid of small images, each showing a handwritten digit from the MNIST dataset. The digits are rendered in various shades of blue and cyan, with some areas highlighted in yellow and orange, indicating higher intensity or specific features. The digits are arranged in a grid, with each digit occupying a small square. The background is black, and the digits are centered within their respective squares. The overall image is a 10x10 grid of these small digit images.
